

EXPLOSIVE Thanks to love put in his project the documenting subject doesn't turn his energy in hate emerging from social alienation.

SACRIFICING The documenting subject takes his entire creation on the mountain top and there invest everything he has in preparation of his sacrifice towards God.

PEACEFUL Left to build his cathedral the documenting subject is the most peaceful and content.

MARRIED The documenting subject has not only committed to his project but also to people who facilitated him in its execution and a place where to deposit it.

NATURAL While everyone says that they wouldn't be able to do what he does, the documenting subject is assured that he wouldn't be able to conduct their life style completely dictated by an increasingly ephemeral society.

INVESTING All the documenting subject invests on is the realization of his project which in turn has also given him some economic income.

CARING While possibly accused of narcissism, through his self-discipline the documenting subject has in fact come to love above all the people and things around the natural domain he has rediscovered thanks to the former.

PURIFYING The devotion to his project has allowed the documenting subject to identify the small paradise he should fight for and the giant hell to avoid.
